-  Reduce the risk of error with intelligent reporting features
-  Maximize performance with reliable, compliant results
-  Improve data quality and internal controls with analytics

2021 NATIONAL Conference: SEPT 28 - OCT 1

Refresh, Renew, Refocus

Think Ahead

ACCA (the Association of Chartered Certified Accountants) is the global body for finance professionals.

We're a thriving global community of 233,000 members and 536,000 future members based in 178 countries, who work across a wide range of sectors and industries.

Since 1904, being a force for public good has been embedded in our purpose. With over 100 years of working with governments to support better public financial management, we have a unique perspective of global emerging issues that affect the profession, finance professionals, and society.

Visit our exhibition booth to engage more with ACCA's public sector content, including:

- Public Sector Insights
- Public Sector Certificates
- Opportunities to connect with others working and practicing in the field.

ACCA is not affiliated with any Chartered Accountant (CA) organization or Chartered Professional Accountant (CPA) organization.

The AUMA acts as one voice in advocating municipal interests to all orders of government as well as with business and community associations, and other stakeholders. We develop educational resources and initiatives in response to the problems, challenges and opportunities that are impacting our members.

Through our wholly-owned subsidiary, AMSC, we have created business services specifically designed to meet the needs of municipalities including: property and casualty insurance, pension plans and savings programs, employee benefit services, utilities including electricity and natural gas, short-term investment options, and a purchasing program.

Our three key services – policy and advocacy, programs and education, and business services – are driven by member need and powered by member input.

BLACKLINE

Companies come to BlackLine (Nasdaq: BL) because their traditional manual accounting processes are not sustainable. BlackLine's cloud-based solutions and market-leading customer service help companies move to modern accounting by unifying their data and processes, automating repetitive work, and driving accountability through visibility.

BlackLine provides solutions to manage and automate financial close, accounts receivable and intercompany accounting processes, helping large enterprises and midsize companies across all industries do accounting work better, faster and with more control.

Nearly 3,500 customers trust BlackLine to help them close faster with complete and accurate results. The company is the pioneer of the cloud financial close market and recognized as the leader by customers at leading end-user review sites including Gartner Peer Insights, G2 and TrustRadius.

Based in Los Angeles, BlackLine also has regional headquarters in London, Singapore and Sydney. For more information, please visit blackline.com.

KPMG in Canada's local team of trusted advisors bring a creative and innovative approach to problem solving that reflects our keen understanding of the government and public sector operating environment and combines our practical, hands-on local experience with insights from our global practice.

Our insights into current trends as well as future challenges – be they disruptions, opportunities, or innovation – can help you to navigate this new reality, to invest in your future and embrace new ways of thinking and doing. To restructure and reshape, for the better.

KUBRA provides customer experience management solutions to some of the largest government entities across North America. Our portfolio includes billing and payments, mapping, mobile apps, proactive communications, and artificial intelligence solutions for customers. With more than one billion customer experiences annually, KUBRA services reach over 40% of households in the U.S. and Canada.

KUBRA Government Solutions improve the effectiveness of interactions with the public by providing communication and payment tools that support both online and offline channels, meeting a variety of needs and expectations.

PaySimply, powered by Payment Source, provides governments a no cost, no effort solution for accepting convenient payment methods for city taxes and services. Citizens can now use a credit card, Interac e-Transfer, PayPal or Alipay to pay online, or make in-person payments with cash or debit card at any one of 6,000 Canada Post outlets. Contact us to learn how you can start accepting credit cards and other convenient payment methods at no cost today: paysimplyinfo@paymentsource.ca

PSD Citywide combines innovative budgeting software and comprehensive financial consulting services to help public sector finance practitioners meet current and future fiscal needs. Our mission is to empower organizations to turn complex financial decisions into simple directions.

Citywide Budgeting gives your organization precise control over your budgeting, forecasting, and reporting processes. All of this is managed with one functionally rich, technically advanced, and user-friendly software for increased efficiency and data accuracy.

Along with our software, our team of experienced financial consultants can guide you through:

- Streamlining financial management to focus on better outcomes
- Improving data management, collection, and storage
- Informing long-term financial planning and reporting
- Generating financial reports using our software as a service

With hundreds of budgeting systems implemented, our clients gain the confidence of being backed by an industry-leading software platform and an experienced consulting team to move their city forward.

2021 NATIONAL Conference: SEPT 28 - OCT 1

Refresh, Renew, Refocus

As part of a global network of over 276,000 people in 157 countries, we help organizations and individuals create the impact they're looking for, by delivering the best of our collective thinking, experience and solutions to build public trust and enhance value for our people, clients and communities.

Questica is the recognized leader in budget preparation software. Our goal is to make public sector finance better for everyone. Hundreds of local governments including airports and other transportation customers throughout North America have eliminated spreadsheets, opting for smarter planning, budgeting, management, and sharing with our solutions. We integrate seamlessly with your existing Financial and/or Human Resources (HR) systems.

Stop using spreadsheets and streamline the budgeting process. Questica Budget is fully featured, multi-user web-based operating, salary and capital budgeting and performance measurement tool. Questica Performance captures key performance measures and provides dynamic analytic tools to evaluate and improve the effectiveness and efficiency of programs and services. Questica OpenBook is a transparency and data visualization tool that enables organizations to share and communicate their financials and other data, when and where they need to.
