

Canadian Association of Government Finance Officers

Sponsorship Opportunity Winnipeg, Manitoba

Annual Conference – September 12th – 14th, 2018

What is the CAGFO?

Formerly the Government Finance Officers Association of Western Canada (GFOAWC), the Canadian Association of Government Finance Officers (CAGFO) is a professional association that represents Government Finance Officers. Our members work in over 1,000 local governments, mainly in Western Canada; but also in the rest of the country.

What We Do

CAGFO's mission is to promote excellence in government finance. We produce a major annual conference for local and provincial government finance officers focused on national issues, to assist in their training and development. We also provide networking opportunities and the chance for our members to view new products and services.

Benefits of Sponsorship

Sponsoring our 2018 conference allows your organization to be aligned with an association committed to promoting excellence in government finance. You will have direct contact with over 200 conference attendees as well as being included in our mailings to approximately 2,000 people working in the government finance field. Most of these delegates are senior decision makers in local and provincial government, who collectively have final spending authority on billions of dollars annually.

Sponsorship Levels

Gold - \$6,000

- Three full conference registrations including meals and social events
- Your company name signifying “Gold Sponsor” in print advertising
- Your company name and logo on the conference program.
